CUBANS MAY ACCEPT. SOUTH AFRICAN WAR.

Sentiment Changing in Favor of the Platt Amendment.

CONSERVATIVES WIN

They Induce Some Radicals to Abandon Opposition and it is Said Will Vote for its Adoption for Benefit of Cuba.

Havana, June 10.—The Conservative members of the constitutional convention are absolutely confident that the Platt amendment will be accepted and that several Radicals will join with the 15 delegates who heretofore voted against its adoption. The last few days seems to have brought a decided change in the attitude of delegates who have been bitterly arraignment the Washington government for rejecting the convention interpretations of the amendment.

The strong pressure on the outside brought to bear on the convention to finish its business and, to place the country on a settled basis, has had an excellent effect upon the Radicals, inducing them to accept the inevitable, and some of them now argue that perhaps it would be better to accept the amendment hoping for some form of independence than to prolong the military occupancy of the island.

It is expected that several days will elapse before a vote is taken.

Argument Against Rural Delivery.

Knoxville, June 10.—A correspondent of The Journal and Tribune at Jonesboro, Tenn., says that rural free delivery has proven very detrimental to the business of that place. Rural free delivery was early and quite generally established in that section. It is claimed that mail orders have become more common and the country mail carrier utilized as a purchaser for the farmers of many articles at the towns, thus preventing the farmers going to the towns and buying more largely under the influence of the salesman and the display of wares.

Bought a Mexican Railroad.

City of Mexico, June 10.—The Stillwell group of American capitalists have purchased the Pachuca, Zacatlitan and Tampico railway from Richard Honey Thrice. The amount paid was \$1,000,000 in gold and 35 per cent of the common stock in a company to be organized. The road will be extended from San Doval, its junction with the Vera Cruz railway, and extended to Tampico, making a short line of only 12 hours between this city and northern gulf points.

Escaped from Governor's Island.

New York, June 10.—Two United States prisoners, who were serving sentences on Governor's island for desertion, escaped Sunday. They embarked on an improvised raft and drifted away from the island on the strong flood tide. The men were picked up by a tugboat and landed in New York. The prisoners were Harry McGuire, serving a term of 18 months, and John Winship, serving a term of two years.

Charged With Forgery.

San Francisco, June 10.—Edgar Gierhafer, alias Howard E. Vernon, who claims to be vice president of the Universal Automobile company, with offices in the city, is in jail at San Rafael on a charge of forgery. It is claimed that forgeries committed by Gierhafer in New York last March against a company employing him netted \$16,000. He claims he is innocent.

Across the Atlantic in a Sloop.

Gloucester, Mass., June 10.—In his 25 foot sloop, Great Republic, Captain Howard Blackburn of this city, Sunday afternoon started on his second transatlantic voyage, his present destination being Lisbon, Portugal, which he expects to reach in 45 days. His previous voyage in 1899 was to London, which trip took 61 days.

Three Persons Drowned.

Dubuque, June 10.—A boat containing five persons, returning from a fishing trip was upset during a storm on the Mississippi three miles north of here. Julius Guderjan and wife and Mrs. Nicholas Kelle were drowned. The crew of a ferryboat rescued two boys who hung on to the upturned skiff for an hour and were early exhausted.

Major Daly Suicides.

Pittsburg, June 10.—Major W. H. Daly, surgeon general on the staff of Lieutenant General Miles in Porto Rico, committed suicide at his home here Sunday by shooting himself in the right temple. No cause is known for Dr. Daly's deed unless it be that insomnia drove him to temporary insanity.

Three Girls Drowned.

Philadelphia, June 10.—A party of six persons, three men and three girls, while sailing on the Delaware river near North Eastington, were thrown into the water by the swamping of their skiff during a squall and the three girls were drowned.

Sensational Rumors Out That the Kaiser Consents to Take Part.

OFFICIALLY DENIED.

It is Not Doubted Though That The Hague Arbitration Court Has Been Appealed to—Mrs. Louis Botha's Mission.

June 10.—The Kleines Journal dispatch from The Hague saying that a Wilhelmmina's visit here was meant to obtain Emperor William's consent to end the South African war, both the eweibund and braebund being willing to do so through The Hague arbitration court, and that the emperor consented and the court began work thereupon. The dispatch has created quite a sensation here.

The Associated Press has just obtained the following foreign office statement which was authorized by Count Von Buelow, the imperial chancellor:

"Neither Great Britain, France, nor Russia have ever approached Germany to participate in any action aiming at the ending of the South African war. Germany has all along distinguished between offering good offices and intervention. To render her good offices would be possible if both parties to the war requested it, but it will be remembered Great Britain only joined The Hague conference on condition that the Boer states were excluded. There is no doubt President Kruger, who is a statesman, came to Europe to obtain the good offices of several of the powers to end the war, but there is also no doubt Great Britain does not want their good offices. At least, it is true that since the South African war began Great Britain has never, either verbally or in writing, confidentially or officially, broached such an idea. It is quite possible the Boer side has now formally asked The Hague arbitration court to lend aid to end the war somehow and that the court has held a session regarding the matter, but that of course, is entirely different from any serious steps to end the war."

Mrs. Botha's Mission.

London, June 10.—The war office authorities say they have received no news of a meeting between General Kitchener and General Botha near Standerton last Wednesday and a report of a tentative settlement between the British and Boer commanders is consequently discredited in official quarters.

Mrs. Botha's arrival in London has, nevertheless, revived peace rumors to which publicity has been given on several occasions recently. It is impossible to say what is going on, but the general opinion is that there must be some foundation for the rumor. Mrs. Botha's visit is still shrouded in secrecy, and although it is freely stated that she is on a peace mission, no definite information on this point is obtainable at present.

Boers to Consider Peace.

London, June 10.—The Sun hears that Mrs. Botha will start on Wednesday for The Hague where Mr. Kruger has been summoned to attend a conference of Boer agents in Europe and the United States to consider the report Mrs. Botha has brought from her husband in which he advises Mr. Kruger, as the constitutional head of the Transvaal, to sue for peace and the best terms obtainable.

Kruger and Leyds at The Hague.

The Hague, June 10.—Mr. Kruger and Dr. Leyds have arrived here. They drove from the station at Hilversum Junction in a closed carriage, and are staying at the residence of Mr. Wolmarans, one of the Boer peace envoys.

Boer Losses.

London, June 10.—Kitchener in a dispatch from Pretoria, under today's date, says the number of Boers killed, imprisoned or surrendered during last month totalled 2640. From June 1 to June 9 26 Boers were killed, 4 wounded, 409 made prisoners and 83 surrendered and 651 rifles, 115,550 rounds of ammunition, 120 wagons and 4000 horses were captured.

Girl's Throat Cut.

Atlanta, June 10.—Eassie Jackson, an adopted daughter of R. C. Flower, a dairyman at Poplar Springs, a suburb of Atlanta, has been found murdered near her home. She had been missing since last Thursday. A negro boy employed on the Flower's place has been arrested on suspicion. The hands of the girl was full of water cross showing that she had been gathering this vegetable when overpowered. Her throat was cut from ear to ear.

Blacklisting Held Legal.

Chicago, June 10.—Judge Wettermann, sitting in circuit court here, announced his decision that the blacklisting of the girls by stockyards firms was legal. The girls struck last February and the firms affected refused to take them back. The case will be appealed.

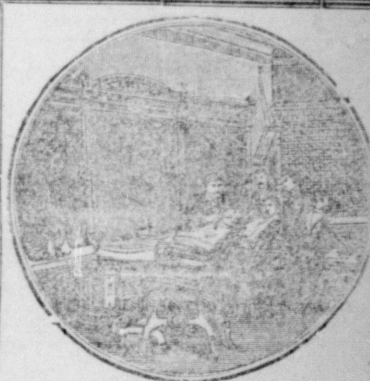

TRADE WITH The Bryan Grocery Company.

Governor Samford Worse.
Tuscaloosa, Ala., June 10.—Governor W. H. Samford, who has been ill here for several days, is reported worse, and it is feared his illness will have a fatal termination. He is able to take but little nourishment.

Louis Stern Suicides.
Bamberg, Bavaria, June 10.—Louis Stern, former United States commercial agent here, shot himself in the public gardens near town.

Lulu Kennedy Better.
Kansas City, June 10.—Lulu Prince Kennedy, who Saturday gave way under the strain incident to her trial for murdering her husband, necessitating an adjournment of court, is much better.

Soldier Shoots a Policeman.
Atlanta, June 10.—While under arrest J. L. Barry, an enlisted man from Fort McPherson, shot Patrolman Quinn three times. The policeman is not dangerously hurt.

PROPOSALS.

Sealed bids to supply the A. & M. College of Texas for the session of 1901-1902 will be received at the President's office, College Station, Texas, until 2 o'clock p. m., Tuesday, June 11th, for 1500 cords of good merchantable wood delivered on the grounds and to be cut off of the College land, subject to the approval of the President as to quality and measurement.

Also at the same time and place sealed bids will be received to supply said College, for the session of 1901-1902 with pork, beef and mutton. All the pork to be corn fed and the beef to be corn fed for the months January, February, March and April. A certified check for \$250 must accompany each bid for wood and meat, to be forfeited to the College in the event the successful bidder fails to make a good and sufficient bond to carry out the contract if awarded to him. The right to reject any or all bids reserved.

THE COMMENCEMENT SEASON

EXERCISES OF THE A. & M. COLLEGE
IN FULL BLAST.

LARGE ATTENDANCE OF VISITORS

A Splendid Sermon Sunday—Busy Day
in the Various Departments
Yesterday.

The twenty-fifth annual commencement exercises of the A. & M. College are in progress with favorable weather and a large attendance of visitors. Sunday was a bright and beautiful day, and the exercises opened with the usual inspection of the cadet quarters by the College officers and visitors.

At 11 a. m. the assembly hall was filled with a large audience to hear the baccalaureate sermon by Rev. C. McPherson of Fort Worth. The musical numbers included selections by the choir, a solo by Prof. Miller and a solo by Miss Adams. Prayers were offered by Dr. Bittle and Rev. Jewell Howard, and the latter read a scripture lesson from the sermon on the mount.

As a basis for his remarks Rev. McPherson read from the thirteenth chapter of I Corinthians, wherein St. Paul beautifully elaborate and emphasizes the greatest of christian graces—love. The preacher is possessed of a fine voice and perfect articulation. He is eloquent and earnest, and holds the wrapt attention of his auditors without difficulty. In handling the great theme which he selected the minister followed teachings of Drummond, from whom he quoted, holding that the incentive to action in the service of God, as well as our conduct towards our fellow men, should be love from within instead of force from without. We are taught by the scriptures not to use the gifts that God has given us for display and self gratification, but as a means of developing character and building up the church. In the world of men eloquence, wisdom, philanthropy and the courage of martyrdom for a principle are more to be desired than great riches and command the most profound admiration, yet Paul impresses upon us the nothingness of all things upon which the heart has fixed itself unless they are permeated and inspired by love for God and for our fellow men. Faith and hope are as immortal as the soul. Faith is the active principle of all lines of development, industrial, educational, scientific and spiritual; hope is the annihilator of despondency and the stay of flagging zeal and energy, yet greater than these is love. It is greater than all things else because it works a transformation within us; because it is the fulfillment of every human virtue, and the fulfillment of all law, and because it never fails. It is hard to live by the rules thou shalt, and thou shalt not, but when love is the incentive, it is easy, for love suffereth long and is kind, it envieth not, vaunteth not itself, is not puffed up, doth not behave unseemly, seeketh not her own, is not easily provoked, thinketh no evil, rejoiceth not in iniquity, believeth all things, hopeth all things and endureth all things.

The afternoon of Sunday was without event until 6:30 o'clock when a sacred concert was given by the College band. At 8:30 p. m. Rev. E. L. Shettles pastor of the Methodist church, addressed the College Y. M. C. A. Sunday night brought a greater influx of visitors and at an early hour yesterday morning the buildings and grounds began to fill up with people. The inspection of the departments and work of the students is a never failing pleasure even to those who witness it year after year, for the increasing facilities of the College renew the interest each time. The morning was spent by the visitors in this pursuit, many repairing to the assembly hall at 11 a. m. to attend the joint celebration of the Austin and Caliopean literary societies. Perhaps the most interesting features of the day were the competition drill for company medals and the dress parade in the afternoon. The close contest for honors in drilling were a source of much interest and pleasure to the spectators who thronged the shady side of the drill grounds. All day the members of the alumni were seen about the campus greeting each other and enjoying the annual reunion, their blue badges fluttering encouragement to the undergraduates. They held a business meeting in the afternoon and last night their public exercises took place at the assembly hall.

A characteristic and forceful address of welcome was delivered by Col. L. L. Foster, who was followed by Cadet Captain T. M. Smith in behalf of the first class. As the representative of the association Mr. F. Marion Law made an eloquent response. The alumni address was by Major H. P. Jordan of Waco, and Hon. Ham Gossett of Kaufman was the orator of the occasion. The program was interspersed with music. After adjournment the alumni banquet was spread at the mess hall. A sumptuous feast had been prepared by Mr. B. Sbis, and with the toasts, was thoroughly enjoyed until the short hand of the clock began to count the small numbers on the dial.

City Council.

The city council met in regular session at 5 o'clock yesterday afternoon, Mayor J. S. Mooring presiding and all officers present.

Minutes, bills and officers' reports were disposed of as usual. The fiscal agent's report showed balances as follows:

Special building fund.....	\$ 3156 93
Waterworks fund.....	1347 13
Cemetery fund.....	99
Building and street improvement fund.....	485 18
Street appropriation fund.....	5443 58
Tax and fine fund.....	789 88
School fund.....	627 48

Mayor Mooring's veto of the stock law being repealed was read and sustained by a vote of three to one, alderman Parker, Howell and Knox voting aye, Alderman Tabor voting nay and Alderman Johnston not voting. Mr. Tabor then made a motion that the question be submitted to a vote of the people, seconded by Alderman Johnston. This motion was lost by a vote of 2 to 3, Aldermen Tabor and Johnston voting aye and Aldermen Parker, Knox and Howell nay. Alderman Tabor was re-elected mayor pro tem. Adjourned.

Killing in Kentucky.

Middlesboro, Ky., June 10.—Two men killed and one mortally wounded at Corbin in a fight growing out of an attempt to arrest Andy Cox. Deputy Sheriff Branham demanded his surrender, Cox's reply was a bullet, which instantly killed Branham, and Cox then turned and fired on Chief of Police Silas Wilder, who was advancing on him with a drawn pistol. Wilder was mortally wounded, but killed Cox by shooting him through the heart. Wilder died.

Arkansas River Dam Breaks.

Buena Vista, Colo., June 10.—On account of the breaking of the powderdam in the Arkansas river, this city will be in darkness for several months and the Buena Vista smelter will be closed down indefinitely. The flood which broke the dam was caused by the rapid melting of snow during the recent warm weather.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

of the matter is simply this—beef cut from animals over three years old is tough, lacks flavor, and is deficient in nourishing juices. We prefer to sell flesh of YOUNG STOCK. It is delicious, tender, rich and nourishing. Much cheaper, though costing a little more money than cuts from old animals. No better meat than that sold at

EUROPE INTERFERING

Trying to Break up the Pan-American Congress.

IS SOWING DISCORD.

Attempt Made to Make South American States Believe United States Will Exercise Control by the Adoption of Arbitration.

Washington, June 10.—Keen American observers of foreign diplomacy and commerce place new construction on the struggle between the South American republics which threaten to wreck the approaching Pan-American congress to be held in the City of Mexico. It is said the trouble behind the dispute between Chili on the one hand and Peru and Bolivia on the other over the arbitration of matters, is the machinations of European diplomats and European business interests. Peru does not want the Pan-American congress to be a success.

While the United States is engaged in an effort to capture the markets of Europe, all Europe is busy in a race for the markets of South America. Europe is increasing its trade with Venezuela, Brazil, Argentine and Chili. The United States export trade to South America is rapidly falling off with the exception of that to Venezuela.

It is to capture the American trade the American congress should not be held. If anything brings closer unification between the United States and the Central and South American countries is bound to lead to closer commercial relations.

A gentleman who is very closely in touch with the purpose and scope of the Pan-American congress says that European influence has been busy in Santiago, Chili, encouraging the Chilean government to take the stand that threatens to disrupt the congress. He also says that the same influences have been at work in Lima, urging the Peruvians to combat the position taken by Chili. Similar diplomatic effort has been in progress in Buenos Ayres priming the Argentine government to refuse to enter the congress unless Chili yields.

The idea put forth by foreign agents has permeated all South America that the United States seeks to control the politics of the various countries and is holding the Pan-American exposition and projecting the Pan-American congress for the purpose of making South America appear as the tail to the North American kite.

The statement has also been made to war and state departments that in much the same way has the difficulties of the United States been increased in Cuba. A gentleman who has spent much time in Havana says that foreign consuls there are in much closer touch with influential elements in the constitutional convention than the Americans and have been very successful in sowing suspicion and discord.

The Pan-American exposition in Buffalo is a direct menace to the trade of European countries. It threatens foreign trade and if it were followed by a Pan-American congress should establish arbitration, then the United States would be in a position to restore her falling trade south of Panama.

John C. Ayers, United States consul at Rosario, Argentine, who is in Washington, said: "American machinery leads the world in Argentine, but to increase our trade it is necessary for our merchants to give more attention to South American trade. A reciprocity treaty would give the bulk of the trade to the United States."

Refused to Dismiss Receiver.

Kansas City, June 10.—Judge Gibson in the circuit court refused to dismiss Utley Wedge, receiver of the Siegel-Sanders Live Stock Company, whose removal was requested by minor stockholders in the company.

Slightly Improved.

Washington, June 10.—The slight improvement in Mrs. McKinley's health which manifested itself the latter part of last week continues, and hope begins to be felt that she may after all recover from the present attack.

CYCLONE IN OKLAHOMA.

Three Persons Killed, Several Hurt and Many Houses Wrecked.

Eddy, O. T., June 10.—Three persons were killed, 11 injured and 20 dwellings and business houses demolished here by Friday night's storm.

The dead are:

Mrs. Maude McGathay.
Louis McGathay.
Robert McGaffin.

Five farm houses with barns and out-buildings were blown away, but the occupants all escaped without injury. Fine fields of wheat in the midst of the harvest were laid waste.

The tail end of the tornado fell with terrible force upon Tonkawa. Several houses were wrecked but no one was killed.

Wheat Crop Ruined.

Wichita, Kas., June 10.—A correspondent who arrived here Sunday night from the scene of devastation in Kay county, Oklahoma, says that the storm of Friday night ruined the wheat crop of 400 farms west and northwest of Blackwell. These farms are all in one body of territory.

TEXAS NEWS.

Dead Stockman Identified.

San Antonio, June 10.—The name of the man killed in the Fashion theater here Friday night is John Ramsey, a stockman from Comstock, Tex. He was not interested in the fight, but was hit in the back by a stray bullet, the spine being broken and death resulting instantly. Officer Mentez, who was shot through the left side, is in a very critical condition, but may recover. Ooley, who is a sporting man from Austin, was remanded to jail to await the action of the grand jury. The fight started from Officer Mentez threatening to put Ooley out of the place if he did not behave. The theater has been closed by the authorities.

Machine to Catch Weevils.

Navasota, Tex., June 10.—"Governor" Brown, an old and popular resident of this city, who has a mechanical turn of mind and is much of an inventive genius, has just invented a machine to suck up the boll weevil. He has invented a set of suction fans and reception boxes which fit on a wagon and is manipulated by power derived from the revolution of the wheels of the wagon. With this he drives through the fields, sucks up the weevils and dead squares from the cotton and the ground. Those who have seen it are of the opinion that it will work.

Decomposed Body Found.

Cameron, Tex., June 10.—The body of an unknown white man was found near Adham Friday. It was in a bad state of decomposition, and seemed to have been exposed for six weeks or more. It is thought to be that of a white man about 35 years old. A pistol was on the ground near and a pistol hole through the center of the forehead. A few dollars in money were on the body. No clue to the cause of death, whether murder or suicide.

New Texas Wheat.

Galveston, June 10.—The first car of new Texas wheat arrived here Saturday. The grain was shipped from Rio Vista, Johnson county. The grain has not yet been inspected but the samples show it to be No. 2. This shipment is five days earlier than that of last season, the first arrival then not reaching Galveston until June 14.

Stabbed in the Heart.

Paris, Tex., June 10.—Walter Webb, a young painter, was fatally stabbed with a knife here Saturday night. The blade pierced his heart and death was almost instantaneous. Jim Wilson, aged 21, was arrested and lodged in jail charged with the killing.

Will Mine Coal.

Belton, Tex., June 10.—The Como Coal company has been organized here with a capital stock of \$30,000 and will open up a mine at Como, in Hopkins county, where the company owns 3500 acres of land.

Watermelons on the Market.

Beeville, Tex., June 10.—Watermelons weighing 60 pounds are on the market here. Local shipments by express are made daily and carload shipments will begin next week.

Think It Is Silver.

Newton, Tex., June 10.—Considerable excitement has been caused recently by the discovery of what is thought to be a rich silver mine a few miles west of here in Newton county.
